

WEEKLY REPUBLICAN—1917.
DAILY PUBLIC LEDGER—1918.

MAYSVILLE, KENTUCKY, FRIDAY, NOVEMBER 1, 1918.

ONE COPY—ONE CENT.

Kentuckians, Attention

President Wilson has astounded the Nation by a public appeal, in which he asks that only Democrats be elected to Senate and Congress, despite the remarkable record of Republican members of Congress in support of the war. He would have you believe that Democrats only are loyal Americans and that they only are fitted to follow his bidding in matters affecting the war. The President is willing for you to send your sons to the battle line and give your money for war purposes, but he is unwilling for Republicans to help in the settlement of the problems of the war and of the peace that will follow. He asks you to elect Owsley Stanley to the Senate solely because he wears a party badge and in spite of his record on Prohibition, Pardons and Public Schools.

Ex-President Taft said: "President Wilson seeks autocratic power. The President wishes to become absolute ruler by banishing political opposition."

The Cincinnati Enquirer, leading Democratic newspaper, said editorially on Sunday, October 27: "President Wilson's plea for support of the candidates of his party as a pledge of support to himself is ill-timed and ill-advised, if indeed advice was asked or received. All America is supporting the administration regardless of politics. We believe that such support will still be accorded the President regardless of the outcome of the election, whether they are Democrats or Republicans. We believe in placing Americans and Americans only on guard. That is the test that should be applied to every man's candidacy."

Kentuckian, vote and have your neighbors vote on next Tuesday for Ben L. Bruner. He is able, clean and he is patriotic. He stands for the higher ideals in public service. Put only Americans on guard. Show by your vote that the people of Kentucky demand peace without compromise. Thank God, U. S. stands for unconditional surrender.

REPUBLICAN STATE CAMPAIGN COMMITTEE.

DIED IN FRANCE

Mrs. Thomas M. Russell received a telegram Thursday evening announcing the death of Lieutenant R. Thurman Politt in Dernueil, France, October 3rd, of influenza. Lieutenant Politt was a nephew of Mrs. Ernie White and Mrs. T. M. Russell of this city. His wife of Pontiac, New York, survives him.

FOR SALE

A four room dwelling with gas, water and plumbing, all in good condition on lot of 100x100 feet situated on Third street in Sixth Ward. Call at Ledger Office.

THE "BEAUTIFUL" ARRIVED TODAY

Early this morning there was a slight fall of snow and sleet and the first day of November ushered in Old Crump. According to the weather prognosticator of Lord's Hill, we will have only the one snow.

Mrs. Robert F. Davis returned to her home in Cincinnati today after a month's visit with her son, Mr. William O. Davis, of West Second street.

Fancy Greenup County Sorghum \$1.35 per gallon. Bring your jugs. R. LEE LOVEL.

WHOLE FRONT OF AUSTRIANS HAS COLLAPSED

Pressure of the Italians Causes Entire
Defense to Give Way—Greatest
Military Disaster of War—
Prisoners Pouring In by
Thousands—Hundreds
Guns Taken.

Rome, November 1—In their offensive against the Austrians on the Monte Grappa front, in Northern Italy the Italians have pressed the enemy so strongly that his front has collapsed, the war office announced today.

Rome, November 1—The Austro-Hungarian front in the sector of Monte Grappa has completely collapsed and all of the hostile artillery has been captured by the Italians. It was officially announced today. General Diaz, the Italian commander-in-chief, reported that "prisoners were swarming down the mountain sides in flocks."

The greatest military catastrophe of the whole war is developing. Italian cavalry is overrunning the whole plain of the central Friuli.

Austrian Armies Are Divided

Washington, November 1—In reaching Ponte Delle Albi, northeast of the city of Belluno, the Italian troops have made complete cleavage between the Austrian armies, according to the official wireless from Rome. East of the Pave the Austrians have been routed and sent into pellmell retreat. In the mountain region, in the plain and the Alpine foothills of Venetia, the pressure is terrific. Aerial observers watching from the skies see the frantic enemy rushing down the sides of the mountain valleys like so much streaming lava. The Austrians are making desperate attempts to reach passes on the Tagliamento.

Into possession of the eager Italians are coming prisoners, guns, stores and other war material in countless profusion. More than 50,000 prisoners have been taken along with hundreds of guns.

New Attack By British

London, November 1—British troops launched a new attack south of Valenciennes today and are reported to be making good progress, the war office announced today.

The attack launched by the British Second Army, southwest of Audenarde, in the region east of Courtrai yesterday, resulted in the Britons achieving all their objectives and capturing 1,000 prisoners.

Americans Drop Six Tons of Bombs

Washington, November 1—Six tons of explosives have been dropped on Barriecourt, Bayonville and Longuey by American aviators. German troops were reported to be concentrating at those points. Much military property was destroyed by fires caused by the bombs. The Belle Joyeuse farm has been captured by General Pershing's troops in a line-straightening attack. The Americans encountered little machine gun opposition but heavy artillery fire from enemy guns has been reported all along the Verdun front.

DRAFT CALLS FOR EARLY NOVEMBER

Men of the new draft ages will first be mobilized in large numbers early in November, under a draft call now in preparation at Provost Marshal General Crowder's office. It calls for the enlistment of more than 200,000 men qualified for general military service. They will be furnished to proportionate numbers by every state in the Union. Draft calls, suspended during October because of the influenza epidemic, have been renewed in sections where the epidemic has moderated, and enlistment of all men under the October calls probably will be completed before the November quota is started to the cantonments.

HAVE YOUR PIANO TUNED NOW

Tuned for the New York Philharmonic Society. Have letters of recommendation of the greatest Piano Performers in the world. All work guaranteed. Phone 292. Action Rebuilding a specialty.

Fancy Greenup County Sorghum \$1.35 per gallon. Bring your jugs. R. LEE LOVEL.

GERMANY GETS MILITARY TERMS OF THE ALLIES

They Will Be Based Upon the Principles Laid Down by the President—Abdication Story Again Reported—Kaiser Leaves Berlin for Field Headquarters With Army.

London, November 1—Dr. Delbrueck, chief of the German privy civil cabinet, has left Berlin for the front on an important mission and it is generally supposed that he will present the decree of abdication of the Kaiser, said an Exchange telegraph dispatch from Copenhagen.

Paris, November 1—The armistice terms to be submitted to Germany will be confined strictly to military requirements except that it will be brought out clearly that they are conditioned generally upon President Wilson's principles with some definiteness.

Rumors are current in Berlin that both the Kaiser and the crown prince have abdicated, according to the Vorwarts. The emperor has left Berlin for German grand headquarters, in a message from the German capital today states.

"Colossal Drama of Victory"

London, November 1—The complete isolation of Germany as a result of the desertion and surrender of its allies is commented on here as the outstanding feature of the latest developments in the "colossal drama of victory." This is regarded almost everywhere as bringing the end of the war very near.

The general tenor of comment, however, indicates a belief that Germany sooner or later will accept virtually any terms the Allies impose.

It is not known whether German garrisons still hold the Dardanelles forts and other defenses of Constantinople while resistance by the Germanized Russian Black Sea fleet is regarded as a serious possibility. The Express learns that the location of all mines is known to the Turks.

The immense possibilities following the Turkish collapse are discussed by all the papers, among the hopeful auguries being the rescue of Rumania and the end of Bolshevik ranny in Russia.

INFLUENZA LID STILL CLAMPED DOWN TIGHT

State Board of Health May Relax the Order Next Wednesday—To Keep Churches and Other Places Closed.

The "flu" lid in Maysville and Kentucky will continue clamped down until next Wednesday, at least, and maybe longer. This was the unanimous decision of the State Board of Health following a long conference in Louisville Wednesday. Another meeting of the board will be held next week, when the situation again will be reviewed. If conditions have improved materially by that time restrictions may be lifted to the extent of permitting open-air meetings.

Members of the clergy who appeared before the board Wednesday argued that opening of the churches Sunday would help the morale of churchgoing people and stimulate their resistance against the "flu" germ. The board, however, turned a deaf ear to the argument, contending that it would be unsafe to lift the lid even a little.

Ministers who addressed the Health Board were the Rev. S. S. Walsh, the Rev. Charles P. Ruffo, the Rev. W. W. Landrum, the Rev. C. M. Prather, the Rev. E. L. Powell, the Rev. E. Y. Mullins, Dean McCready, the Rev. Mr. Huey, of Henry county, and the Rev. Mr. Ackerman.

Harvey Meyers represented the Latonin race track.

Maj. Milton Board, on duty at Camp Zachary Taylor, held that it would be wise to follow the example of the camp, which retained all restrictions, although almost entirely free of influenza. This, he said, has been done in the interest of soldiers and civilians.

Following the meeting the board held an executive session, at which official representatives and health officers were solved that "after an exhaustive hearing and mature consideration of conditions, it was the decision of the board that an appeal be made that every restriction heretofore imposed against influenza be rigidly supported and enforced by all of the officials and people in every county and community in Kentucky, in the hope that when the next meeting is held such efforts may justify the board in modifying the regulations."

HORSES WANTED

6 to 10 year old horses weighing 1450 pounds, from 16 to 17 hands high. Must be sound. Will be in Maysville at Newell's Stable Saturday, November 2. W. T. WILMORE.

FOUND DEAD IN HIS AUTOMOBILE

Brown County Man Was On His Way to Work When Stricken With Heart Failure.

Between 5 and 6 o'clock Tuesday morning Mr. Thomas Wardlow, who lives between Mt. Orab and Eastwood, noticed an automobile run off of the pike and come to a stop. Mr. Wardlow and wife went to the machine and when they reached it they found Clifford Relf in the machine dead.

Relf had left his home shortly after 5 o'clock, which is a short distance west of Mt. Orab, for Eastwood, where he has been employed as telegraph operator and station agent for the Norfolk & Western railroad. He had not complained that morning, but his wife stated that he had of late remarked of spells with his heart. With this evidence and what Mr. Wardlow reported to Coroner Downey, who was summoned, his report stated that Relf's death was due to heart failure. The supposition is that when he felt the attack coming on, he turned off the engine of the automobile, and held to the steering wheel until the machine ran from the pike. He was found by Mr. Wardlow and wife sitting upright in the machine, which was uninjured.

Mr. Relf was a man 54 years of age. For many years he was engaged in the jewelry business at Bethel, and was well known throughout that section, although he had moved to the present home only about one year ago.

Mrs. Minnie Hedrich yesterday filed suit for divorce from James Hedrich and asks alimony and custody of her children. The couple were married at Gallipolis, Ohio, in September, 1911, and have been residing in this county for several years.

The Ledger has again been hit in a vital spot by the prevailing epidemic. Earl Jones and his brother are down in bed, both being carriers in the Fifth Ward.

SUICIDED WITH A SINGLE-BARREL SHOTGUN

Young Brown County Man Was Despondent Because of His Crippled Condition.

The Georgetown (O.) News-Democrat has this about a sensational suicide near that place:

When Jesse Fry's mother saw him arise from a bed at their home, at Rodman's Station, in Sterling Township, Monday afternoon, and get a shotgun, she spoke to him, pleading to him not to use the gun against himself. A nephew in the yard heard her and hurried to the house, but before he reached the house young Fry had rosted the butt of the gun upon the floor, and sitting in a chair, he placed the muzzle of the gun against the right side of his neck. He then took his toe and pulled the trigger. The full force of the load took effect, killing him at once.

Young Fry was 32 years of age, and unmarried. His parents are Obediah Fry and wife. He was a cripple, and did not go about much. He has been sick of late, and just before the shooting had been lying upon the bed. At no time during his sickness had he given any of the family cause to think that he contemplated what he did.

The family is at a loss to know where he got the gun shell used. There were none about the house. The gun used was a single-barrel shot, and the belief prevails that he had been carrying the shell for some time, contemplating taking his life.

The family notified Dr. Matthews, of Mt. Orab, and he notified Coroner Downey and together they went to the home and viewed the body, making out the necessary report, that young Fry had come to his death by his own hands.

The meeting of the Daughters of Confederacy has been postponed until the first Tuesday in December when the meeting will be held at the home of Mrs. James Ross of East Fourth street.

DAILY PUBLIC LEDGER

Published Every Afternoon Except Sunday By

THE LEDGER PUBLISHING COMPANY
At the Public Ledger Building, East Third Street.

CLARENCE MATHEWS

Editor and Manager.

Entered at the Post Office, Maysville, Kentucky, as Second Class Mail Matter.
Subscription: By Carrier, 6c Week, 25c Month, \$3.00 a Year.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

REPUBLICAN TICKET

For United States Senator
BEN L. BRUNER, Louisville.
For Congressman
TRUMBO SNEDEGAR, Bath County.

ELECT A BETTER CONGRESS

The following is an extract from an editorial in the Pathfinder, published in Washington, D. C.:

November 5 all the members of the lower house of the new 66th congress are to be chosen, and also 36 of the 96 senators, including vacancies to be filled. All the responsibility is now on the people, and it is they who must decide what sort of a house and senate the nation shall have. If congress is so irresponsible and unreliable that the president has to employ "schoolmaster" methods to control it, and to use it only as a "rubber stamp", then it is time a better congress should be provided.

We repeat that an absolutely loyal and patriotic congress must be elected—but that goes without saying. But we are going farther than that and tell the country, in perfect candor, that a better congress in every way should be chosen—and that this in this case in our judgment calls for the election of a Republican house and senate. We say this not in the interest of the Republican party but in the interest of the nation's welfare.

THE TIME TO CHOOSE IS NOW

The election of a Republican Senate in November would make many striking changes in the chairmanships of the Senate committees.

Not only would election of a Republican Senate overthrow the present domination of the Senate and the Senate committees by Democrats, a great majority of whom are from the South, but it would put at the head of these committees some of the greatest Republican leaders of the upper House.

Do the people of the country prefer Chamberlain, Democrats, of Oregon, or Warren, Republican, of Wyoming, father-in-law of General Pershing (as chairman of Military Affairs)?

Senator Martin, Democrat, of Virginia, is chairman of appropriations. In a Republican Senate, Warren, of Wyoming or Smoot, of Utah, would be chairman of this important committee.

Does the country wish Simmons, Democrat, of North Carolina, to continue as chairman of the great Finance Committee, which frames all revenue bills, or do the people desire Lodge, Massachusetts, or McCarver, North Dakota?

Do the people want Senator Culberson, Democrat, of Texas, to continue as chairman of Judiciary, or would they rather have Nelson, Grand Army of the Republic veteran, of Minnesota, as chairman?

Hitchcock, Democrat, of Nebraska, is chairman of Foreign Relations. This committee will have charge of the peace treaties after the war ends. In a Republican Senate, Lodge, of Massachusetts, would be chairman of this committee, the most important in the Senate when peace terms with the Hun are considered.

In a Republican Senate, Warren, of Wyoming, or Nelson, Minnesota, or Cummings, Iowa, would be chairman of Rules, instead of the present incumbent, Overman, Democrat, of North Carolina.

The parallel could be drawn all along the line. A Republican Senate would be a guarantee to the people of able and more experienced leadership than exists at this time.

WORTHLESS PUBLICITY

This government puts great stress on publicity. It is so great that there is too much of it. It is far more than the people can make use of. The fact is, publicity is becoming an embarrassment, for there is so much of it as to stifle intelligence. The people don't read a long public report and consequently the publicity defeats itself. We never saw a "pub. doc." of any kind, from the government direct or from any of its allied interests, but we could make more valuable in one-quarter of the space given to it. The government doesn't seem to know how to condense. It seems to think that elaboration of expression and detail constitutes publicity, when it means the very opposite.

And then the expenses put upon many reports amounts to inexcusable extravagance. They are printed on the finest paper, often embellished in many ways, all for the laudation of the man who makes the report, who seems to be in collusion with the printer and paper man, to make the government pay out as much money as possible. All this an efficient government ought to stop, not only for economy's sake, but for publicity's sake. There ought to be a real publicity bureau that would say what should be printed and how much and the style it should appear in. It could make publicity important and save millions of the people's money. At present half of publicity is humbuggery.

PRACTICAL MEN

The Federal Board for Vocational Education is composed of seven members, appointed by the President. The executive staff contains the names of nine other men. The purpose of this board is to prepare for and supervise the vocational education of soldiers and sailors as provided for in the act of Congress. The first step that should be taken in that work is to place on the board, and on the executive staff, some of the men who have been "over there" and whose previous business experience, as well as their association with sailors and soldiers, abundantly qualify them to help get the wounded men back on their feet as self-supporting citizens.

Now is the time for Maysville merchants to get their Christmas advertising ready.

GOVERNOR STANLEY'S "MOB" HAD VAMOOSED

And the Negro He Had Come to Protect Was Safe Behind the Bars Many Miles Away When He Made His Famous Murray Speech.

The Louisville News, a widely known Louisville Negro weekly paper, of October 19th, says:

"Mr. Stanley's friends are appealing for Negro votes on the ground that he went to Murray and stayed the mob that sought to lynch Lube Martin.

"The Governor didn't reach Murray until after Martin had been removed to Paducah by order of Judge Bush and was safe from the fury of any mob in Calloway county. The mob had dispersed and the Governor sent runners out to get a crowd to speak to. When the crowd gathered he made a play to the galleries by one high sounding platitudes about protecting Martin who was safe in the Paducah jail.

"But what he really did was to assure those who wanted Lube Martin's blood that Martin should be brought back and tried in Calloway county. Lube Martin was entitled to a change of venue that he might be tried outside the county in which he had been formed the mob to lynch him, but the Governor, instead of helping to get justice, decreed that he should be tried in the midst of the men who sought to mob him.

"May this Lord save all of us from such protection Lube Martin who is now in Eddyville penitentiary awaiting the time of his electrocution under judgment of the Calloway circuit court."

Don't undervalue the advantages of education. Many a fellow is doing the best he knows how who doesn't know how.

Although merely following its natural bent, the corkscrew demonstrates that one good turn deserves another.

DOCTORS FAILED TO HELP

But Lydia E. Pinkham's Vegetable Compound Removed the Cause of this Woman's Illness.

Worcester, Mass.—"I took Lydia E. Pinkham's Vegetable Compound for a weakness and pain which used to keep me in bed for two days each month. I tried many doctors without benefit until I was really discouraged. My mother urged me to take Lydia E. Pinkham's Vegetable Compound as it had helped her so much. I did so and soon saw a change for the better. I kept on taking it and am now so well and strong that I can do all my housework, even my washing and I have a little baby who is as healthy as I could ask—thanks to your Vegetable Compound."—Mrs. F. H. STONE, 24 Bowdoin St., Worcester, Mass.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

OUR LETTER BOX

Correspondents will please give facts as briefly as possible. When anything of great importance occurs, we will publish the full text of the letter.

ABERDEEN

Miss Alene Hurd of Hamilton, Ohio, has been the guest of her parents, Mr. and Mrs. W. H. Hurd.

Mr. and Mrs. Egbert Stevens motored from Frankfort, Ky., to visit friends here.

Mr. and Mrs. Lon Muchmore of Cincinnati were guests of D. A. Ellis and family.

Mr. and Mrs. C. C. Clark of Cincinnati, Ohio, have been the guests of the family of W. H. Clark.

Mr. and Mrs. William Boggs were called to Cincinnati on account of the illness of their son, who has pneumonia.

Mr. Roy Kirk of Camp Grant, Ill., has been visiting his cousin, Miss Lena Dameron.

Miss Hazel Shelton is confined to her home with the "flu."

Miss Anna O'Harran was called to Chicago to attend the funeral of her brother.

Mr. Malcolm Bowers is the guest of Miss Beale Campbell.

IN BELGIUM

(New York Sun)
Not winter is coming in Belgium, ah, no—

The frosts of her sorrow are melting; now flow

Her free tears! From mourning her spirit shall rise.

And the last of her tears God shall wipe from her eyes.

As out of the dust where so long they have lain,
Her proud, secret banners have blossomed again.

So out of the fallow brown fields of her heart

Her roses shall leap and her lilies shall start.

Her birds shall fly homeward, her sad children sing.

Not winter is coming in Belgium, but spring!

COOLIES BUILD ROADS FOR THE ALIEN SOLDIERS

London.—The allies have employed 50,000 Chinese behind the fighting lines in France, principally for road and railway building, blacksmith and carpentry work. Although China declared war on the central powers almost a year ago the Chinese are made to understand that when transported to France they will not be used in the firing lines.

Coolies are paid about \$13.50 a month, and pay for other laborers range upward to about \$27 a month for skilled men. In addition they are given \$250, a fabulous sum for coolies, as a bonus for emigrating for France, \$75 in case of injury and \$150 is given to the next of kin in case of death.

FROM COAST TO COAST

A Remarkable Chain of Home Testimony. And Maysville Adds Its Voice to the Grand Chorus of Local Praise.

From north to south, from east to west;

In every city, every community; In every state in the Union Rings out the grateful praise for Doan's Kidney Pills.

"50,000 representative people in every walk of life Publicity testify to quick relief and lasting results. And it's all for the benefit of fellow sufferers."

In this grand chorus of local praise Maysville is well represented. Well-known Maysville people Tell of personal experiences. Who can ask for better proof of merit?

Ben. P. Fleming, constable of Mason County, 217 East Lee Street, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 60c a box. Foster-Nilburn Co., Props. Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

TALCUM POWDER SHOWS WILD-CATS STEAL POULTRY

Burlingame, Cal.—Stealing stealthily down from the wooded ravines of Hillsborough under cover of darkness, wildcats, foxes, or some other wild animals are playing havoc with the poultry of Burlingame. Mrs. Joseph Grimes of 1207 Douglas avenue reported that some large catlike creature has robbed her hen roost of thirteen plump broilers, and Peter Liberopoulos, Burlingame hotelkeeper, says he has lost twenty-seven young roosters and pullets in the same manner.

Mrs. Grimes says she is positive the fowl have been carried off by some wild animal because she laid a thin coat of talcum powder one night in the back yard and the next morning found imprints of large catlike paws, much larger than those of an ordinary house cat. Many of the local poultry fanciers are setting traps in their yards for the predatory beasts.

Marriage is a tie, so it seems quite natural that a matrimonial alliance should have a string to it.

It is usually the painstaking man who manages to avoid pain.

Drink Milk==Eat Milk

It's the perfect food. And it's the cheapest food. It's nature's food. One quart of milk is equal in food value to eight eggs, or three-quarter pound of steak. Eight eggs at present cost 32 cents. The finished steak cost at least 28 cents. But a quart of milk does not cost 32 or 28 cents. It costs a good deal less than that. The United States Food Administration says: "A quart of milk a day for every child, if possible, a pint without fail; a third of a quart for each adult."

Think it over and ask for Pasteurized milk. Its safe to use.

RED CROSS DONATIONS TO INFLUENZA PATIENTS

Responses from the generous people of Mason County have been ample to fully supply us with funds, materials and foodstuffs to meet all the wants of the helpless sufferers from influenza to date, and we are confident proper assistance will continue until the plague has passed. In addition to the assistance rendered to the patients in the emergency hospital, we have done our best to care for the wants of the helpless, both white and colored, throughout the county. If any needy person has escaped our notice it has not been due to carelessness or oversight. If any one knows of a person that is not receiving proper attention, please call Mrs. M. H. E. French, phone No. 354, Maysville, Ky., and immediate assistance will be extended. We are anxious to help all, regardless of color or condition. Following contributions have been received to date, to-wit:

Miss Edith Hoeftich, \$1; W. T. Trouts, \$2; Ross Owens, \$1; E. T. Kirk, \$10; E. A. Robinson, \$2; L. C. Maltby, \$2.50; Mrs. H. P. Stewart, 50 cents; Mrs. B. M. Finch, \$5; Miss Mary Finch, \$2; J. J. Wood, \$2; J. J. Wood Jr., \$1; Mrs. J. M. Frazee, \$1; Fourth Div. Lewisburg Red Cross, \$7.50; John Hunt, \$1; Miss Jennie D. H. Traxel Co. has supplied bread for a week; A friend, 6 towels, 6 wash rags; A friend, 1 pair of blankets; Mrs. D. D. Baldwin, flowers; Mrs. Robert Wells, flowers.

Money contributions are being used to purchase such articles as are necessary at the hospital and in homes to provide for the proper treatment of the patients, and what money is left, it will be converted into the treasury of the Red Cross Society.

MASON COUNTY RED CROSS SOCIETY.
By J. N. KENHOE, Chairman.

WIPED OUT KIT WITH COLORS, IS GIVEN THREE MONTHS

Camp Meade, Md.—Cunah Hussini of the Three Hundred and Twenty-fourth field signal battalion, was found guilty of deserting the American flag by using a flag to wipe out his mess kit. He was sentenced to three months at hard labor after the reviewing authorities had taken into consideration some of the testimony offered in his defense with regard to his ignorance of the insult to the emblem of the nation.

Flags that have become worn or weatherbeaten here are burned and never used for any unworthy purpose. Hussini was a bootblack in Worcester, Mass., when he volunteered for service in the army. Originally he came from Abyssinia.

COMES FROM TREE

Rice paper, used in making cigars, has nothing to do with rice, but is made from the membranes of the breadfruit tree, or more commonly of fine new trimmings of flax and hemp. So light is this paper that 500 of the thin sheets go to make an ounce.

The greatest bet ever made was this alphabet.

TAFI ANSWERS PRESIDENT WILSON

(Philadelphia Public Ledger)

The president, having put by, in grim times like these, the American people for the return of a Democratic congress, of course invites a respectful consideration and discussion by every loyal American citizen of what he says.

The appeal of the president is forcible but specious. The unified leadership he asks is autocratic power in fields in which the constitution and principles of democracy require that he should consult other representatives of the people than himself. In the pursuit of his policies he consults neither his own party nor any other. He wishes a Democratic senate not because he would seek their assistance in the foreign policy to which by fundamental law they are to advise and consent, but because he can mould them absolutely to his will without consulting them. He has visited his displeasure on every Democratic member of either house who has differed with him and called upon that members' constituency to reject him.

Is it necessary for the country's welfare that he should be absolute ruler of this nation for the two years ensuing from March 4 next? That is the premise upon which the soundness of his appeal, in its ultimate analysis, must rest. Do we need during the life of the next congress a dictator?

One who knows the facts of the war, and our part in it, and who loves liberty and popular government, must answer "No." The war is nearly won it may take a year longer. We hope it will be less. The complex question of the terms of peace are to be settled in the terms of the congress now to be elected.

The still more difficult questions of reconstruction after the war are to be met by that congress. Do the American people by their action in the next election wish to make both the terms of peace and the reconstruction after the war depend on the uncontrolled will of Woodrow Wilson? That is the issue which he puts to them in his appeal.

"Unless you give me uncontrolled power, you repudiate me and my leadership before the world."

Ant Caesar aut nullus.

Never in the history of this country has the president had such vast and unlimited power as he has today. It has been often exercised through agencies selected by him without great consideration of the individual. Far too many instances of partisanship in the selection of these agencies are known of all men to give point to the president's disclaimer of thought of party in this appeal. The people have restrained protest against arbitrary exercise of power in their anxiety to win the war. The power which the president has was voted to him by the Republicans in both houses. They manifested no partisan desire to withhold it in spite of the knowledge that it would tempt the use of it for partisan purposes.

peace were so quickly accepted by Germany was shared by all the brave but suffering peoples of our allies. For reasons apparent to all, the real expressions of feeling in respect to President Wilson's utterances in England and France are restrained. But when the torrent of American public opinion compelled a gradual return toward a demand for unconditional surrender, the joy of our allies was unexpressed. They knew that a verdict at the election for a Republican house will end forever the dangers which seemed to face a negotiated peace.

Instead of obstructing the president and our allies in winning this war and a dictated peace, nothing would so discourage the Germans and hearten our allies as the return of a Republican congress.

HARTFORD GETS \$105,000, LARGEST PENALTY TAX

Hartford, Conn.—The largest penalty inheritance tax on record, \$105,000, was paid by the heirs of the late Martin Sheldon of New York and Chicago, father of Mrs. Philip Armour, who had not paid an investment tax to the states for five years. The town of Suffield, where he died, gets enough to wipe out the entire town debt and have \$70,000 balance.

Even when he is decorated for bravery the wounded soldier will tell you a fractured skull isn't all it's cracked up to be.

HOW THIS LITTLE BOY

Recovered Strength After Sickness

Garrett, Texas—"This measles left my little boy aged nine years in a very weak, run down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well.—Mrs. E. A. Wright.

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose.

J. C. Peor Drug Co., J. Jas. Wood & Son, Druggists.

BEWARE OF SPANISH INFLUENZA

It is caught by breathing a germ into the nose or mouth. Sterilize kills germs and prevents disease. Sold by MRS. GEO. SHIPLEY, 503 East Second Street.

Abuse the public all you like; no one ever considers it a personal affront.

The mightiness of this hairpin exceeds that of the pen and sword.

No Mystery in Meat

Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.

So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.

Swift & Company is just like any other manufacturing business run by human beings like yourself; it takes in raw material on the one hand and turns out a finished product on the other.

Swift & Company keeps down the "spread," or the expense absorbed, between raw and finished material, to as low a figure as possible. (If it didn't it would be put out of business by others who do.)

How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.

It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.

The profits of Swift & Company amount to less than one cent per pound on all meats and by-products—less than one-fourth of a cent on beef.

KEEP UP THE GOOD WORK AT READY REGUN

County Chairman Rees of the United War Work Campaign received the following communication yesterday from State Chairman Tevsbaugh and should be of particular interest to all citizens of Mason county:
I have just received the following telegram from National Headquarters. Read it and pass on the argument.
Chicago, Ill., October 13, 1918.
C. A. Tevsbaugh, Y. M. C. A., Louisville, Ky.

Our whole national organization are united in conviction that the War Work activities of the seven organizations must continue to be pressed with full and increasing vigor. That whenever peace comes it will be followed by long period of demobilization. Military authorities say it will take six months to bring Canadian Army home and eighteen months for Australian Army. All military authorities with whom I have consulted insist it will require over twelve months for peace to be declared to bring American Army home. This demobilization period will present greatest need for our work and by far our greatest opportunity. Therefore there should be no hesitation or change in any of our campaign plans except that of enlarging them and redoubling our efforts to secure if possible fifty per cent. over subscriptions. Pass this right down the line.

JOHN R. MOTT.
M. C. WILLIAMS.

The coast is now clear for the United War Work Campaign. The Liberty Loan is over the top. We are next. Hit the line hard. Don't let "Peace Talk" or anything else take you off the trail.

MRS. CHENOWETH'S ASHES ARRIVED

The ashes of the late Mrs. Thomas J. Chenoweth arrived at noon today and at 3:30 were placed beside the body of her husband in the Maysville cemetery according to the rites of the Episcopal Church of which she was a devout member. It being quite a coincidence that of all the festival days of the church, All Saints Day was her favorite and on this day the good lady always visited the city of the dead with flowers, on this day she was taken to her last resting place.

APPEAL FOR SOLICITORS

County Judge H. P. Purnell would like to have two ladies or more if possible at every voting place in the county, next Tuesday to register the names of men who will go to Camp Knox and work. Judge Purnell feels that the ladies would be more thorough in such work than the men and requests that those willing to help notify him before Monday night.

DR. BEN L. BRUNER, REPUBLICAN NOMINEE FOR UNITED STATES SENATOR

His great grandfather fought under Washington in the Revolutionary War.
His grandfather fought under Jackson at the battle of New Orleans.
His father was a Union soldier during the Civil War.
Dr. Bruner himself was a soldier in the Spanish-American War.
His son is now a private in Franco fighting in the trenches.

WORK OF LOCAL FLORIST APPRECIATED

The following communication was received by Messrs. C. P. Dieterich & Bro., of this city expressing appreciation for beautiful floral piece made by them.

Ewing, Ky., October 31, 1918.
C. P. Dieterich & Bro.,
Maysville, Ky.

Gentlemen:
The people of the Elizaville community wish to express to you their sincere thanks and appreciation for your work in making such a perfect floral design, (namely the "Flag Blanket"), which we had Price Bros. order from you.

It certainly was the most beautiful and patriotic design that we have ever seen.

Thanking you again, I am,
Very respectfully yours,
MRS. M. F. DAUGHERTY.

COUNT TISZA ASSASSINATED

Copenhagen, November 1.—Count Tisza, the former Hungarian minister, has been killed by a soldier, according to a Budapest telegram today. The count fell victim to a revolver shot while he was out walking.

Count Tisza has long been one of the storm centers of Hungarian politics. It has been charged that he was one of the four men responsible for the war, and the accusation has been made that he instigated the assassination of Archduke Ferdinand.

An unsuccessful attempt was made to assassinate Count Tisza in Budapest October 17. His assailant at that time was arrested.

GOT ON WRONG TRAIN

Miss Mary Bare of Jasper, Mo., who had bought a ticket to Indianapolis, Indiana, yesterday at Dayton Ohio, got on the wrong train at Cincinnati and was brought to this city on train No. 4 on the C. & O. While en route she was taken ill and was removed to the St. Charles Hotel, where she remains in a serious condition, being in a stupor and physicians are unable to arouse her. She is well dressed and has ample funds with her to pay her way, but is unable to give any information about herself.

Mr. Scott Young, his wife and daughter are ill at their home in East Second street with the influenza, necessitating the closing temporarily of his grocery.

NEW SUGAR RULES GO INTO EFFECT TODAY

Three Pounds Per Person Per Month Now Instead of Two Pounds Is the Allowance.

Louisville, October 31.—The sugar ration in Kentucky and the United States as a whole will be raised tomorrow from two pounds per person per month to three pounds per person per month, according to an official announcement made today by Federal Food Administrator Fred M. Sackett. Purchase of the family's monthly supply at one time will also be permissible.

In an interview Mr. Sackett said the Food Administration kept in intimate daily touch with food conditions the world over, and in view of the willingness with which the American people shouldered the burdens of food restriction, could be depended upon to cooperate by lifting those burdens at the earliest time practicable.

Asked to make a statement from the Food Administration in Washington that the rapid manufacture of the new beet sugar crop in the West and the new Louisiana cane crop, together with the freer railway transportation conditions, the reductions we have made in the consumption of sugar in the manufacturing trades and the patriotic conservation of the people everywhere during the last four months, enables us to increase the household allowance of sugar to three pounds per person per month beginning November 1. The same ratio will apply to public eating places, which will receive their allotments on the basis of three pounds for each fifty meals served.

"This makes good our promise to increase the household allowance of sugar at the earliest which our supplies would justify and makes it possible for the householder to use more freely the apple, cranberry and grape-juice products and fruits canned without sugar during the summer."

"The regulations are also revised to the extent that any person may purchase his whole monthly allowance at one time if he so desires; that is, any family may purchase a month's supply for the entire family at one time from the retail trades."

"We regret that we could not give more notice of this impending change, but the temporary cessation of the cereal movement of the country, due to stoppage of exports, to secure army tonnage, has caused a greater ability for internal transportation than would otherwise be the case, and we do not feel that, with ability to make distribution, we have any right to hold up supplies to the householders. We are confident we can continue on this basis for some months to come from the supplies which we have in prospect, as the Cuban crop promises enlarged supplies and the prospects for transportation in wooden ships are good. With these conditions, we should be able to maintain Allied supplies."

Raising of the sugar ration will put new burdens upon the Sugar Division of the Food Administration in Kentucky. In that it will be necessary for them to immediately begin the distribution of Sugar Certificates to retailers and public eating places to enable them to buy the additional sugar for November. Certificates on the basis of two pounds per person per month have already been sent out. But fortunately, Mr. Sackett said, the forces of Mr. Elliott, chairman of the Sugar Division, are ready for any call that may be made upon them, and in fact began today, within half an hour after the Washington telegram was received, the work of additional distribution.

BEANS GALORE

There will be no excuse of anyone going without his regular quota of "Stars and Stripes" this winter in Maysville. The M. C. Russell Co. today received a carload of California lima beans direct from the pickings, the freight bill calling for \$645.86 and Uncle Sam's war tax \$18.11. The shipment weighs 66,000 pounds.

COLORED NEWS

The colored women, who are looking after their sick in the city, wish to thank Messrs. Myall and Calvert for the use of a horse and buggy to carry the nourishment to the sick. Mrs. Thomas Russell for the use of her chauffeur, Dr. Patton for the use of his car.

William Whaley, janitor of the Post Office \$17; Richard Strawder, \$1 worth of coal; Mrs. Amelia Sykes, two comforts, four pillow cases; Ad Lewis 25c; James Griffin, 25c; Henry Campbell, 25c; Mrs. Bettie Thomas is nursing the Ford family on the Lexington pike; Mrs. M. J. Taylor has charge of the cooking for the sick. Any one having donations will please call Mrs. M. H. E. French, Mrs. French and many other of our charitable white friends are showing a beautiful spirit in this distressing time. Most of the sick are improving nicely except David Williams of Crowell Alley, who is not doing so well.

COMMITTEE.

LAST NOTICE!

Owners of Liberty Bonds, Do Not Neglect Your Conversion Rights

If you want bonds paying 4 1/4 per cent. interest in exchange for your 4 per cent. Liberty Loan Bonds, you must present your bonds for conversion

Before November 9, 1918

The 4 per cent. Bonds cannot be converted after November 9, 1918, even though bonds at a higher rate of interest be issued thereafter.

Holders of 4 per cent. Bonds lose nothing by conversion and gain 1 1/4 per cent. interest per annum.

Do not wait until the last moment. Act promptly. We offer our services in making the exchange.

BANK OF MAYSVILLE

ESTABLISHED 1835.

MAYSVILLE, KY.

MEN OF MASON, WHAT ARE YOU GOING TO DO?

Won't You Wake Up to the Importance of This Great Work and Go Help Build It?

With 30,000 men in tents awaiting permanent housing at the big artillery camp at Stithon, Hardin county, and 17,000 animals practically without shelter, the government is calling urgently for men to complete the building of the camp by December 15. 10,000 men are now employed at Camp Knox, and the contractors say it will require 10,000 more to complete it by the time the government wants done. It is up to the people of Kentucky to furnish these workers as a part of their duty in winning the greatest war in the world's history.

Camp Knox itself will be one of the largest military propositions in America and the biggest artillery camp in the world. It covers 40,000 acres of land, the highest land between Louisville and New Orleans and in one of the healthiest locations that could have been selected by the government. It will have, and now has an embryo, its own aviation camp, its own balloon field, where the great observation balloons are sent up to "view the landscape over," for miles away, miles of sidewalks and streets, enormous barracks for the housing of the men, between 60,000 and 75,000 of whom will be sent to this camp for training.

One can obtain only the faintest idea of the size of this camp from any description of it that might be given on paper. If one can imagine a city as large as Winchester set down in tents in a hertofore unoccupied place he may have some idea of the number of men now employed on the work. If he can visualize a city the size of Lexington and add to it one the size of Covington he will have a fair idea of what the completed camp will mean. It will cost \$20,000,000 to the government, but it is expected that this will only represent a fraction of the government's expenditure in Kentucky as a result of the establishment of the camp.

It is said that the American workman is the best fed of all the world's toilers. That certainly is true at Camp Knox. Meals that one might not be able to get at hotels charging \$1.00 or \$1.50 for the service are sold to the workers at Camp Knox at 30 cents each. Lodging in cots that are kept scrupulously clean, with warm blankets and plenty of them for covering are furnished the men free, so that the expense of living at Camp Knox is actually less than it would be at home for the average American, and certainly less for the average Kentucky workman used to living

on the best the land provides.

A meal ticket is the first thing handed a worker on disembarking at the camp. Then he is assigned to his work and so promptly that no time is lost. A trainload of 1,200 workmen which arrived at Camp Knox last week were assigned to their proper places and were actually helping to build the camp in 25 minutes after the train stopped at the camp.

The meals for which the men employed at Camp Knox pay 30 cents each actually cost the government 42 1/2 cents each, but the government figures that it is getting off cheap at that, for no illness or loss of time is caused at Camp Knox by careless feeding. The best and most substantial food, served in cleanly fashion, keeps the health of the workers so well that less time is lost from illness than at any similar construction camp in the country.

Civilians have asked of the United States Employment Service workers whether the men who go to Camp Knox have any military drill. They do if they go as soldiers, but not if they go as workmen. The men who are asked to go to Camp Knox are under no military control any more than they would be at home. In fact about the only difference in the worker at Camp Knox and at home is that the worker in the camp is much better paid, has regular work and all he wants of it, regardless of weather, and can make as much money in a week working for the government there as he can in some months working at home.

At Camp Knox there is no chance for typhoid fever to attack the workers. The supply of water is piped from the highest springs in Meade county and no wells or springs near the camp are used. The water supply of a camp is one of the most important problems it has to meet. That has been solved satisfactorily at Camp Knox, the natural source of supply being one of the finest in the country.

Young men of the draft age not yet called to the colors may find remunerative employment at Camp Knox until they are called for examination. Men between 19 and 37, already called, are not likely to be disturbed if they are helping to build this big military camp. Especially is that true if the worker be a skilled workman, such as a carpenter, brick mason or contractor. These are not likely to be called on for military service so long as they are engaged in this vital necessary work for the government.

No man will lose his vote by going to Camp Knox before election day. The "absent voters" law protects him in this matter, and he may cast his ballot at Stithon instead of coming back home to vote, if he wants to do

Do Your Shopping Early is the Slogan Now

Owing to the scarcity of Goods and of labor the Government has requested the people to do their shopping as far ahead of Christmas as possible and we are ready for you.

Ribbons in endless variety, all widths, colors and prices, 10 to \$2 a yard.

Handkerchiefs, Hosiery, Neckwear, etc., in many styles, attractive in price as well as style.

Robert L. Hæflich

80.

The sight of the observation balloons and the hum of the aeroplane motors overhead bring home to the visitors to the camp the fact that the war is at our very doors, though the Hunns are on the run. Thousands of homes in Kentucky have received news of the death or wounding of some member of those homes since the war began. Except for the supplies necessary for an army in action at the front the sight at Camp Knox is little different from that one gets on the front in Europe, and men who are serving with the troops at the front are no more doing their patriotic part, even though they are offering their lives in the service, than are the patriotic workers of Kentucky who are helping so loyally in the building of the greatest of artillery camps. The question the workers of the State has to consider is whether they will remain at home without employment for at least a part of the time for work for the government at high wages all the time.

The government intends to go right ahead with its war preparations as if the Hun had never indicated he had about enough of it. The contract for this camp has been given and, war or no war, it must be completed. It is to be a permanent asset of Kentucky. Tourists going through the state or passing through nearby portions of other states are bound to put Camp Knox on their route, and the camp will be used in the future for the training of the artillery regiments of the United States Army and of the state militia, probably when the war is over.

Some idea of the problem involved in the construction of Camp Knox is presented by the following figures:

Men employed now at the camp, 10,000.
Men needed at the camp now, 10,000.
Soldiers who will use camp, 75,000.
Feet of lumber used, 80,000,000.
Miles of street laid out, 56.
Number of horses and mules used, 17,000.
Number of barracks, 3,500 to house 6,000 men.

Stables to shelter 27,000 animals.
In Camp Knox the best of order is maintained. No liquor is allowed on the camp grounds. The young men have the first aid attention of the Red Cross in case of accident, and are cared for in a hospital if ill. The Y. M. C. A. and K. of C. do their part at Camp Knox, as they have done it so nobly in all the camps and on the battle fronts. It is an ideal place for patriotic duty and remunerative employment combined. "Let's go," is the slogan of the Yanks across the seas about to charge. Let it be the slogan of the patriotic workmen of Kentucky until Camp Knox is finished.
